Pos	Item Number	Description	Qty	Unit
1		ME1002 Balance	1	each

Maximum Capacity: 1,200 g
Readability: 0.01 g
Repeatability Low Load (typical): 0.007 g
Minimum Weight (USP), Typical: 14 g
Interfaces: RS232
Linearity ±: 0.02 g

Designed to Last

Laboratory balances built to last. The solid construction and high-quality materials ensure you can rely on accurate results for many years to come.

Simply Reliable

State-of-the-art weighing technology ensures stable and accurate results which are easy to read thanks to a large backlit display.

Efficient Operation

The easy-to-use interface enables direct access to applications. Coupled with easy cleaning, your daily tasks are fast and efficient.
